

Over the past 4 years I have made so many friends who have impacted my life for the better and endured many drastic life changes. With my Dad and Grandpa passing away, I have relied on my friends and family to keep me strong. With my Mom, Laura, Josh, Ayden, Miranda, Echo, Dylan, and Ariana life has been better. I would never have asked for a different High School experience. Graduation is bittersweet but, Thank You Walden it has been a great four years!
